10. (Internal Use Only - JGO) Met with Fran Christy, House Immigration and Naturalization Committee staff, who told me that [REDACTED] was reported favorably by the Subcommittee today. She told me that in response to [REDACTED] call of yesterday, she talked to several people about the possible removal of place of birth from the passport. There doesn't seem to be any reasons other than those put forth by the Department of State "that most European countries require this information." In consequence, there is no reason to change it. She was not able to identify any pressure to change it to favor travel in the Middle East.

11. (Confidential - JMM) Accompanied Mr. Duckett, DDS&T, who briefed the Subcommittee on National Security Policy and Scientific Developments of House Foreign Affairs Committee, on Soviet strategic weapons systems--offensive and defensive. See Memo for the Record

12. (Secret - JMM) Met with Representatives Hebert, Nedzi, Price, Arends and Bray and Mr. Frank Slatinshek, Assistant Chief Counsel, House Armed Services Committee, and briefed them on developments affecting the intelligence community. See Memo for Record.

13. (Confidential - JMM) Met with Representative Paul Rogers and explained that we had not forgotten his continued request for information on "arms for opium" reports in Southeast Asia, but [REDACTED] was out of town and we would probably be in touch with him next week.

14. (Confidential - JMM) During my conversation with Representative Lucien Nedzi, he raised the question of a newspaper story in the Washington Post regarding an Air America helicopter being shot down in Burma. I explained the helicopter was on a charter mission for AID and engaged in a purely peaceful mission to provide refugee supplies in Laos when it accidentally strayed a short distance over the Burmese border and was forced down.

OFFICE OF LEGISLATIVE COUNSEL

Wednesday - 3 November 1971

1. (Internal Use Only - JGO) Received a call from Miss Valerie Duval, Legislative Assistant to Representative John E. Moss (D., Calif.), who inquired whether Chairman Nédzi, Intelligence Subcommittee, and Chairman Mahon, House Appropriations Committee, would be the proper members of Congress for a constituent to contact concerning legislative oversight of the Central Intelligence Agency. After learning that it was a student who was doing a paper, I told Miss Duval that I had several items of an unclassified nature that might be of more help to the student than contacting other members and that I would drop by and give them to her on Friday.

2. (Confidential - JGO) Talked to George Berdes, Staff Consultant, National Security Policy and Scientific Developments Subcommittee staff, and in response to his question, told him that I would conduct a physical inspection of Room 2255 but that there would not be an electronic check of the room.

3. (Confidential - JMM) Charles Kendrick, Administrative Assistant to Senator Peter Dominick, called to say the Senator was interested in an item in the 15 October Washington Report of the American Security Council by a couple of prominent Cuban emigres entitled "The Soviet Iceberg Still Floats in the Caribbean." Kendrick said the Senator commented that this information was considerably more than anything he had gotten from the Agency, and would like our comments.
